EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jon P. Christensen on June 4, 2002.

The application has been amended as follows:

Claim 4 line 6

Insert --only-- after "message"

The application having been allowed, formal drawings are required in response to this Office Action, including the changes outlined in PTO-948 attached to office action mailed 12/19/00.

The following is an examiner's statement of reasons for allowance: The novelty of the invention has to do at least in part with the recitation "only at a predetermined temperature". This recitation is interpreted to claim no change indicator at a temperature below or above the predetermined temperature. Applicant's invention overcomes the prior art of record because the liquid crystal indicators of record change once predetermined temperature has been reached. The prior art of record does not

Art Unit: 3737

limit the change only at a predetermined temperature. Instead any temperature at or above the predetermined would cause a visual change in the prior art indicators.

Applicant's invention is limited to a visual change "only at a predetermined temperature".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Runa S. Qaderi whose telephone number is (703) 308-8155. The examiner can normally be reached on Mon-Fri 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Marvin Lateef can be reached on (703) 308-3256.
